

Many of you will have heard of Jordan Banks, the nine-year-old tragically killed by lightning last month. Club member Linda Turley wanted to arrange a fundraiser in his memory, and therefore members ran 9 miles or 9k to reflect Jordan's age, and made a donation. Jordan had been raising money for the charity Counselling in the Community Blackpool and we are very pleased to say that £185 was collected by the club for it. Well done Linda for organising this, thank you to all who took part and we hope it is in some small way a fitting tribute to a little boy taken far too soon.
