

The first Border League race of the 2021/22 season at Delamere was a great success. 3 laps of Blakemere Moss Lake making for a route of just under 6 miles, in pleasant conditions.

Well done to our friends at Helsby RC, it's not easy at all organising a race and you did a great job. The venue was brilliant even as turnouts grow- and we know we contributed to that with an astonishing, for us, total of 29 runners today.

Thanks to all who made this a most enjoyable morning.
